Graphic & Web Designer / UI-UX Expert

WORK EXPERIENCE

My work experience

Würth Ltd.

Budapest, Hungary, Graphic Designer
2006-2007

My most important tasks were developing and maintaining websites of the parent company and the divisions. I was involved in creating and preparing weekly newspapers and brochures for the firm's 5 divisions. I was responsible for taking product and ad photographs and designing product packages.

C.W.C. London Ltd.

Budapest, Hungary, Graphic Designer
2004-2006

I was involved in creating graphic elements, illustrations and accessories (such as pack-aging design, labels for jeans and shirts etc.) for clothes as this firm is one of the leading fashion company in Hungary. Other duties were developing websites, assist the marketing division with design plans for billboards, catalogs and other sales elements and designing the decoration for shop windows. My most challenging task was taking fashion photographs.
